

## Adding a Blog to Your ESP Website

Tamika C - 2019-09-19 - Manage Site Content

A company blog can help your clients stay up-to-date with news and press release information within your company and the promotional products industry!

To add company feed to your ESP Website, the first step is to create the content itself. To do this, log into the ESP Websites admin, click on Global Features and select Content Library.

Click on the Add New Content button.

## Content Library

Library [Edit Content](#)

Show ASI Content

Library Items

Search:  Show  entries

Title	Categories	Markets	Level	Actions

Showing 1 to 2 of 2 entries

[Add New Content](#)

Use the available toolbars to create your content. If you want to add HTML code, click on the <> HTML option on the bottom toolbar to enter coded content. If you need information on current event in the promotional products industry, the news page on [ASI Central](#) is an excellent source. When you are finished entering and editing content, go to the Properties box on the right. Enter a title for your content, check "Blog" and enter a Release Date. Click on the Save button.
