## ESP Updates Training

Tamika C - 2020-09-24 - [ESP Updates](#)

In these training webinars, you'll learn how to add and update your own product information using ESP Updates.

The [Adding a Basic Product](#) webinar series covers adding attributes including colors, sizes, materials, options as well as base prices and upcharges for a ceramic mug.

The [Adding an Apparel Product](#) webinar series goes more in depth and demonstrates how to add color combinations, use multiple price grids and manage product availability for a polo shirt.

---
