FastFind

Tamika C - 2019-04-10 - in Manage Services

FastFind, updated semi-annually, has been dubbed "The Distributor Yellow Pages" of the promotional products industry. It is a quick and easy reference which contains geographical distributor listings for targeted marketing purposes, as well as multi-line rep and association directories.

Suppliers and Decorators can also use [Connect](#) to get the most up to date statistical information for a distributor.

FastFind is available to ASI Suppliers with a Connect subscription and Decorator members.

For more information on FastFind, please contact your ASI Account Executive.
