

The SKU Tab

Jennifer M - 2024-05-15 - ESP Updates

To manage the stock keeping unit (SKU) information for a product, click on the SKU tab.

The SKU, which stands for stock keeping unit, is a product identifier used to distinguish each variation of a product.

If the product has only one SKU number for all of its attributes (colors, sizes, etc.), add the SKU number in the Basic Details tab.

To add SKU information for multiple variations, meaning that a product has multiple attributes and each attribute has its own information, use the dropdowns to select one or two criteria to which the SKU is associated.

Product criteria *(select one or two)*

Make a selection... Make a selection... Show

Make a selection...
Product Color
Size

For example, if the product has a unique SKU number for each color in each size, use this dropdown to select size and product color. Then, click on the Show button.

Product criteria *(select one or two)*

Product Color Size Show

Each combination of available sizes in all product colors will be listed. Type or paste the SKU numbers for each size and color into the SKU box.

You are able to filter the results using the checkboxes on the right.

Product criteria (select one or two)

Product Color	Size	SKU (Required)	Warehouses	Hazmat	Close Out
Blue	12 oz	<input type="text"/>	<input type="button" value="Choose..."/> None	Unspecified	<input type="checkbox"/>
Blue	16 oz	<input type="text"/>	<input type="button" value="Choose..."/> None	Unspecified	<input type="checkbox"/>
Red	12 oz	<input type="text"/>	<input type="button" value="Choose..."/> None	Unspecified	<input type="checkbox"/>
Red	16 oz	<input type="text"/>	<input type="button" value="Choose..."/> None	Unspecified	<input type="checkbox"/>
Yellow	12 oz	<input type="text"/>	<input type="button" value="Choose..."/> None	Unspecified	<input type="checkbox"/>
Yellow	16 oz	<input type="text"/>	<input type="button" value="Choose..."/> None	Unspecified	<input type="checkbox"/>

Filter Results

Product Color

- Blue
- Red
- Yellow

Size

- 12 oz
- 16 oz

Filter the results and show only the variations you need to work with by selecting from the values below.

The Clear All button resets all entered information.

Product Color	Size	<input type="button" value="Show"/>	<input type="button" value="Clear All"/>
