

ESP Quick Tip #38: Create a Template for ESP Presentations

2022-06-16 - Jennifer M - ESP Quick Tips

If you've customized a presentation and would like to save the modifications for future use or would just like establish a default for your presentations, you can create a template. To save a presentation's customization as a template, log into ESP and click into any presentation or create a new one.

Use the options in the Design and Settings sections to customize the presentation.

Once you've finished making modifications, click Save as Template option from the Presentations toolbar.

Enter a name for the template and then click on the Save button.

Save Template

×

Save these settings and create a Template you can use at any time

Template Name

Custom Template

Theme Simple

Products Per Page 1

Header Layout
Contact right

Field Labels 15

Footer Layout
Logo left, Text Center, Page Numbers Right
