

ESP Quick Tip #57: How to Search Using Additional Keywords

2023-03-20 - Jennifer M - ESP Quick Tips

After locating items using the quick search or the options in the advanced search, you can narrow the results further using additional keywords. From the results page, click into the Search within field at the top of the filter options and enter additional keywords. Then, click Go to add the terms to your current search.

The screenshot displays the ESP search results interface. On the left, a sidebar shows 15,527 results from 733 suppliers. A search bar labeled 'Search within' is present, with a 'Go' button. Below it, 'You've selected' shows 'T-Shirts' with a 'Remove' button. A 'Quantity' input field and an 'Apply' button are also visible. The 'Category' list includes T-SHIRTS (13,368), PERFORMANCE APPAREL (3,158), SHIRTS (1,857), UNIFORMS (858), and ANTIMICROBIAL ENHAN... (690). The main content area has tabs for 'Products (15,527)' and 'Catalogs (73)'. It includes a 'View' selector (List, Grid, Image) and a 'Sort By' dropdown (Default). Two product listings are shown: 'Custom Button Down Baseball Jersey (Full Dye Sublima...)' by Soardist Solutions and 'Gildan G500 Adult Heavy Cotton T-Shirt' by SinaLite. Each listing includes a product image, a 'SPONSORED' label, the supplier name, a link to the supplier's page, a star rating, and pricing information.
