Filter Options for Customer Order Record

In the CRM customer record, distributors now have the ability to use the Filter tab to narrow the visible orders.

The screenshot shows the CRM interface for 'ABC Customer Company'. The 'Orders' tab is selected, and a sub-tab 'Filters' is highlighted with a blue circle. A blue arrow points to the 'Orders' tab. The interface includes a search bar, a table of orders, and a sidebar with filter options.

Order #	Customer	Date	In-Hands Date	Total	Status
A1121	ABC Customer Company	7/28/20		\$1,247.07	Open

The available filters are:

- Status
- Date (Order/In-Hands)
- Customer
- Contact (All/Billing/Shipping/Acknowledgement)
- Product Categories
- Vendors
- Sales Rep
- Tags

Enhancement to Order Task Notes Display

When creating or editing an order in ESP Orders, users can click on the Tasks icon to open a side panel to display all relevant tasks for this order.

Previously, the notes for a task would be displayed in a separate pop-up window. Now, notes can be expanded within the side panel itself. This enhancement enables task notes to be visible alongside the order information.
