Updates to Google Analytics Support

Google is updating the tracking ID for Google Analytics. ESP Websites have been enhanced to update using the new [GA4 tracking ID](#) that Google is planning to release on July 1, 2023.

Enhancements to the Check-Out Process

During check-out on an ESP Website or Company Store, customers will now be brought directly to the payment processor's secure page via modal window. Once the customer is finished entering their payment information, validations will be performed by the payment processor. If everything is successful, the customer will be directed to a Thank You/Confirmation page.

Note: The Request Payment option will provide the same functionality.
