

ESP Quick Tip #31: Update Login Info in ESP

2022-03-17 - Jennifer M - ESP Quick Tips

You can update your username and password while logged into ESP. To do this, log into [ESP](#) and then take the following steps:

1. Click on your user icon (also called your "avatar")

2. Click on Manage My Account

3. In the Edit User window, you are able to view all of your user information, including your ASI Number, contact and address information. On the right, there is a section for Login Information. In this section, you can update both your username and password.
 - **Update Username**
Type the new username you would like to use in the Username box.
 - **Update Password**
Click the Edit button

Login Information

Username * 

Password

Password Hint *

The Manage Password window will open. Enter the new password in each box and then click on Save.

Manage Password 

Please enter a new password in the fields below.

Password *

Confirm Password *

Note: Passwords must be at least eight (8) characters long and contain both letters and numbers.

When you are finished making changes, scroll down and click on the Save button. To return to the ESP Web homepage, click on My Applications from the blue toolbar at the top and select "ESP Web" from the dropdown.
